NOTICE TO ADVERTISERS.—Advertises will be accepted for publication in this paper on the following conditions:—All advertisements must be paid for in advance, and the advertiser must be responsible for the insertion of advertisements.

ADVERTISEMENTS.—The attention of our readers is especially directed to the following advertisements, which appear for the first time to-day:

Administrator's Notice.—Frank Harger, Manhood, how lost, how restored. Jacksonville Academy.—D. W. Gray & Co. To the Teachers of Greene Co.—T. J. Teal. New Store, New Firm.—Shirk & Ross. Fresh Spring Goods.—A. Wilson.

The "razor powder man" is in town.

Go to Shirk & Ross' new store for your Dry Goods.

Go to Frank McGurran's for fashionable goods for ladies and gentlemen.

Max and Boy's Clothing, good and cheap at Wilson's new store.

A very good letter from Garrard's Fort had no name attached. We don't want to publish your name, but we want to know who you are. Send us your name.

Three men were arrested in town last week and lodged in jail, charged with going off without settling "that little bill" for board. Rather a hard country this, to get anything to eat.

It is the uniform testimony of all who have seen them, that Marvin's crackers are the best manufactured. Grocers who keep them get most all the trade. They are becoming well known, and hence their popularity.

A good place to get Groceries and provisions is at W. Scott & Co., who keep a large stock of the best quality of Coffee, Tea, Salt, Fish, Bacon, Flour, Confectioneries, etc. Store just east of the Wright House.

Read the card of R. Ganser & Son. Their shop has been established 23 years. They now have a full stock of furniture of every kind, and an excellent horse to attend calls. Go and see their stock before you visit your horses.

A four-handed fight took place in town last Saturday, in which six-pound stones were used and some of the combatants bit the dust. As usual whiskey caused it, and the real criminal, the rascal, escaped unhurt.

Music.—A government official in this county saw an advertisement in a paper from a firm, offering to send a "Music box" that would play thirty tunes, for one dollar. The official sent the money and received a common mouth organ, such as the little boys use. He is doubtless a wiser and a sadder man.

Our townman, Mr. M. C. Bell, has just returned from Kentucky with one of the finest stock horses probably ever brought to our county. We understand Mr. Bell paid a high price for his horse; we wish him success and hope the farmers and horse breeders will appreciate the enterprise and avail themselves of the opportunity to improve their stock.

R. K. CAMPBELL returned last week from a trip to New Orleans. He brought with him several specimens of tropical production, a fig tree, coconut in the husk, wild orange, specimens of corals, etc. Also a pair of texton cattle horns that measure seven-eighths of a yard from tip to tip. He says the people are quiet on political matters, and they despise Ben. Butler.

\$30 PREMIUM.—I will give the above premium to any one who will show at the Waynesburg Central Fair Association next fall a better horse for general purposes than my Chestnut Horse Planter. This will be in addition to the premium given by the Society and to be decided by the Judges on that class of horses.

M. C. BELL. Waynesburg, April 14, 1899. We are pleased to call the attention of the public to the New advertisement of Shirk & Ross. These gentlemen have just opened a very fine assortment of goods in the Hamilton House store room in this place, which the public would do well to examine. We assure them that they will not be treated kinder in any establishment of the kind in the country. We bespeak them a liberal patronage such as they deserve.

CLEANING UP.—Eminent housekeepers have been busy the last week scouring, washing, whitewashing, pepping, etc. Almost every store room in town was a new, bright appearance. Many, however, have not yet house-cleaned their private dwellings, as that is not generally done for awhile yet. We can say to all who expect to refresh their homes, that they will find a general assortment of everything they need at Frank McGurran's and they will get it cheap, too.

PENNSYLVANIA PRESBYTERY of the Cumberland Presbyterian Church met last week, in Millboro, Pa. The attendance was full, both of ministers and elders. A statistical table reported to the body shows favorably for the work of the congregation, both in addition to their membership and in money contributed to various religious purposes. Rev. J. C. Mowery of this county and Joe Evans, Esq., of Washington county were chosen commissioners to the next General Assembly. The Presbytery will hold its next meeting at Jefferson, Pa., in October next.

A young blood living not a half dozen miles away from here, was the victim of a huge job last Sunday night. He was trying to be particularly "wreck" on a young lady, and had paid for several visits. The old lady thought the children were too little to keep company, and conceived the hint by telling the girl out of the room and sending her to bed, the lady of the house attending to the young man by bringing into the parlor a huge glass of brandy and butter and sugar, saying in her kindest manner, "There, baby, eat this and run home to your mother, it is time this boy was in bed."—Bosser Rad.

WOMEN BECOME of the staid matrons of Waynesburg, and better disposed of themselves than their fathers in like manner.

AN OLD RELIC.—A friend gave us last week a copy of the *Merica Telegraph* and *Local Reformer*, dated at Waynesburg, Jan. 18, 1851. It is not a very old paper, and yet it is a relic of a bygone era. It was printed in the office of the *Republican* (then *Waynesburg*) which at that time was owned by Mr. Siegfried. Many of the citizens of the town will remember it. At the head of the editorial columns are the names, Wm. Olenbaugh and H. Phillips. It is marked Vol. 1, No. 12, and an editorial informs the reader that it is the last issue. "Dissemination of the ladies' issue, as one cause of the suppression. It is a gossiping paper, and doubtless the ladies thought it was keeping a work that should belong only to them."

There are several spicy personalities in the paper, a sample of which we give: "Shakespeare wishes to know what attraction there is on the South side of Main Street that causes a certain young tow headed way to take it in preference to the other. Wonder if he would not like to pick up some late article at a certain house; if you could get a chance would you say—well you would old hoo."

Such articles would not be tolerated now by the young bloods about town. Time works very wonderful changes! Eighteen years have passed and gone since this little messenger first saw the light. Doubtless many who eagerly read it are now old in death; many who contributed to its columns have gone to other lands, and their names are scarce remembered. Then the dark shadow of human bondage rested upon our country; men covered and bent the suppliant knee before the haughty slaveholders of the South. To-day all who live under the flag of our country are free, and the once proud lords beg their bread of those they then insulted. Then the Democratic party was in its prime, and it seemed that its power could never be taken away; men were dragged through our streets, imprisoned and shot because they dared to assert that all men should be free. Now the Democratic party is suffering under eight long years of terrible defeat, and the doctrine of the equality of all men is carrying every one in its restless course.

What shall have taken place eighteen years hence? Perhaps then some one will find in a rusty corner, among forgotten rubbish, a copy of the *Republican* of to-day, and will smile as he sees its rude typography, its bad spelling and worse punctuation, and will write as we are writing, of the changes, twist and turn. Perhaps this paper will have ceased to be printed. If so, we trust that in its stead will be found one that will advocate with an able pen the great principles that may then occupy the attention of the people. One thing we feel sure of; the principles for which the *Republican* has been battling will then be firmly established, and men will wonder that ever they were opposed.

Notice.—Dr. F. Whitley's next visit to our town will be on Monday and Tuesday the 31st and 4th days of May. Dr. Whitley does not arrogate to himself superhuman skill in the treatment of disease, but knows, after many years of investigation, observation and experience in Chronic Diseases alone, that he is daily curing and relieving hundreds that had sought relief in vain elsewhere. One reason of the Doctor's success is that he has no pains or expense to keep up with the times, always having the most effective medicines, without regard to their cost, and also the latest and most improved mechanical appliances to aid in the cure. Dr. Whitley has now a very fine Atomizer for the treatment of diseases of the throat. Medicines, by means of a fine spray can be applied directly to the diseased part. Patients under treatment for diseases of the throat can have the benefit of the Atomizer, during the two days of his visit, free of all charge, by calling at the Doctor's rooms. All those afflicted with diseases of the throat or nasal passage, are particularly invited to call and test its efficacy.

Remember that Dr. Whitley treats all forms of Chronic Diseases, such as Consumption, Bronchitis, Laryngitis, Catarrh, Liver Complaint, and Dyspepsia in all its forms; Kidney Diseases, Gravel, Fits of all kinds, Diseases of the Blood, Female Complaints, Urinary Derangements and weaknesses and all other old standing and lingering complaints. Dr. Whitley has treated in the last fifteen years over fifty thousand patients with an average loss of less than one to every five hundred treated. When we consider that many of these cases were given up by others before applying, it speaks volumes for Dr. Whitley and his medicines.

PETER'S MUSICAL REVIEW for April is at hand, and in addition to fifteen pages of select vesting matter, contains the following new and beautiful music: Ain't I Sweet? Rest, Darling Rest; I'm Still a Friend to You; He Wipes the Tear From Every Eye; Forth Gladly March; Dusk Rose Waltz; Golden Sunset Mazurka. Music is generally considered expensive, but when such a quantity is furnished for the small sum of thirty cents, it ceases to be a luxury, and even the poorest may sing, play and be happy. It is issued by J. L. Peters, music publisher, Box 3129, New York, at the low price of \$3 00 a year, or 30 cents for single copies.

Loving music ourselves, we naturally feel interested in circulating it among our musical friends, and know of no better way of doing so than by recommending *Peter's Musical Monthly*. The reading matter is not only excellent by all the standard monthlies, and the music is all that can be desired, both as regard quantity and quality. Knowing this to be the case, we have made arrangements with the publisher to elab it with our paper for \$3.00 or we will receive subscriptions at the rate of \$3 per year.

REMOVAL.—Dr. Guher has moved his whole stock of goods to the room lately occupied by P. Brown, nearly opposite the Post office. He has rented the adjoining room, now occupied by Wallace, and intends to make the two rooms one, making the finest store room in town. Go and see his goods.

GARDEN SEEDS.—For Garden Seeds of the best quality and variety go to D. W. Braden's Drug Store. Now is the time to buy them.

BUY YOUR Good goods at Guher's.

WOOLLEN FACTORY.—It seems that Waynesburg is to have one of these establishments. The project was considered by some of our citizens, who came to the conclusion it could be built, and they at once started a subscription paper for stock. The capital asked is \$30,000, in shares of \$25 each. The payments are to be made in monthly installments of ten per cent.

This is certainly a feasible project, and a much needed establishment. There is an abundance of wool capital throughout the county. It will pay, too. The factory at Canonsburg declared a dividend of 25 per cent. the last year. There is no reason why one here would not pay as well. There is wool throughout the county that might as well be manufactured here as sent off to the East. If Greene county expects to advance any, her citizens must employ their capital in such enterprises as this.

Those who wish to subscribe stock can do so by applying to Sam'l Braden.

ANGEL OF PEACE.—A picture bearing this title has been kindly sent us by the publishers, T. S. Arthur & Sons, Philadelphia. It represents an Angel bearing a child in its arms, flying over a city. The little one has been taken from his home in one of the garrets of the great city and is being borne from his sorrows to the world of light. Above is seen the crescent moon and stars. The whole design is very beautiful, and the execution fine. The price is \$2.50, but it is given to subscribers to the *Home Magazine*, or *Once a Month*, or *Children's Hour* for \$1 extra. The *Children's Hour*—a splendid publication—and the picture cost but \$2.25, being 25c. less than the picture alone. The picture can be seen at Rogers' Photograph gallery, and we advise all to go and look at it.

EDUCATIONAL.—The first Session of the College at Jefferson, Greene Co., Pa., will commence on the first Monday of May next. Arrangements will be made to secure a competent corps of Teachers. The Tuition fees will be the same as in similar institutions. The building, formerly occupied by the M. E. Church will be used until the College edifice is completed.

A competent Teacher of Music has been secured. Boarding can be had at private houses in Jefferson and vicinity at reasonable rates.

The friends of this new enterprise are respectfully requested to patronize it, and use their influence for its success.

A. A. PERMAN, Chairman of Com.

A highly intelligent lady, a resident of Syracuse, N. Y., says that she was afflicted nearly a year, periodically, with derangement of the circulation, the blood rushing to the lungs with such force as to threaten congestion and death. This was attended with the most intense pain in all parts of the body. Failing to obtain relief from any of the physicians whom she employed from time to time, she was induced to try the Plantation Bitters, and to her surprise and joy they have relieved her, and she is now in good health and flesh.

MAGNOLIA WATER.—Superior to the best German Cologne, and sold at half price.

F. will celebrate the semi-centennial anniversary of the order by a public procession and dedication of their new hall in Jefferson, on Monday, April 26, 1899. Neighboring Lodges and members in good standing are fraternally invited to participate.

TALK about Boots and Shoes! Just come to Sayers' corner Waynesburg, Pa., and I will show you more than all the rest in town put together. W. I. ROBERTS.

For the REPUBLICAN. Mr. Editor.—Through the columns of your paper I wish to give a brief notice of an examination held at Long's School House on the south branch of Muddy Creek, in Cumberland township. The school was taught by Mr. A. J. Waychoff. The examination of classes commenced at 9 o'clock and continued until 4 in the afternoon. All the classes were thoroughly examined, except Practical Arithmetic, which was omitted for want of time. The parents were invited to be present and nearly all complied with the request, showing respect for their teacher, and anxiety to know how their children had prospered. Parents of all schools should do likewise, when the opportunity is afforded. In my opinion Jefferson and Cumberland townships are far ahead of all others in the county, both in respect to good schools, and the interest manifested in their behalf. The upper end had better look out or it will be left behind.
